## INTRODUCING OUR Hayle Storage Facility

---

Our Hayle storage facility provides a modern and secure solution for the consolidation, sorting, and storage of goods for residents of the Isles of Scilly.

We receive inbound parcels from most of the big courier companies on a daily basis. We check and organise deliveries into island-specific pallets and containers, ready for daily shipping on Scillonian III during her operational season, and the Gry Maritha year-round.

Our warehouse is open Monday to Friday for deliveries, and we accommodate a wide range of goods. For customers needing to ship multiple items, our container loading service offers a convenient solution, allowing us to store your parcels until all deliveries have arrived and are ready for shipment.

The warehouse, at North Quay, Hayle, accepts deliveries all day every day. This should open up the islands to suppliers that had previously been unwilling to deliver to Penzance Quay. Parcels are checked against manifests for accuracy, then sorted by island, which saves time when they arrive on St Mary's.

The deliveries are transferred to Penzance Quay daily to be shipped to the islands on one of our fleet of vessels.

No advance booking is required. We just need a shipping note to let us know that the goods will be arriving and where they will be destined for.

## OUR SERVICES

*Let us help you find the storage solution that suits your needs.*

We offer a wide range of storage solutions in Hayle to meet every need from personal to business and everything in-between.

- Pallet storage for a medium to long-term solution
- Pick and pack services
- External yard space for the storage of timber and other large items
- Container loading/unloading
- Buy in bulk. We will store the items and ship when required

### PERSONAL STORAGE

Whether you're downsizing, decluttering, or in-between moves, we offer the perfect solution for keeping your belongings safe and accessible in a convenient location.

### BUSINESS STORAGE

Create more space at work with our business storage solutions. Ideal for archiving documents, storing surplus inventory or housing equipment,

# Fees and charges

## ISLES OF SCILLY CHARGING STRUCTURE

- £6.50 per pallet per week (based on standard 1200 x 1000, or euro 1200 x 800)
- Oversize pallets will be deemed to be the equivalent of two standard pallets
- Other goods (eg bundles of timber) will be charged based on number of standard pallet spaces taken up

## TRANSPORT TO QUAY CHARGES

- £20 per pallet (if the pallet has been in storage)
- No charge if the goods have been delivered in and go straight out to connect with the next available sailing
- No charge for onward delivery of small parcel consignments
- £80 per 8ft container filled exclusively for one customer (deemed to be 4 pallet spaces)

## CONTAINER LOADING/UNLOADING

- £50 for loading/unloading a dedicated container for one customer
